## Ralph DiNola, AAIA

### Contact Information:

Green Building Services, Inc.

133 SW Second Ave., Portland, OR 97204

503.467.4717, [ralph@greenbuildingservices.com](mailto:ralph@greenbuildingservices.com), [www.greenbuildingservices.com](http://www.greenbuildingservices.com)

### Experience:

Principal, Green Building Services, Inc. in Portland, Oregon. He serves as a senior design consultant on a broad range of projects seeking LEED certification and specializes in greening historic projects. His expertise guides project teams through an integrated design process which includes eco-charrettes, consultant coordination, energy simulation, daylight modeling, and building commissioning. He helped the Jean Vollum Natural Capital Center become the first LEED Gold historic project in the United States and his firm helped transform the Portland Armory into the first LEED Platinum project on the National Register. Current historic projects include Mercy Corps World Headquarters and White Stag Block, which houses the University of Oregon's Portland Center.

### Teaching:

He is actively involved in bringing the historic preservation and green building movements together, and the U.S. Green Building Council (USGBC) engaged him to develop the four-hour training module "Using LEED on Historic Projects." To further advance the cause of greening historic projects, he promotes working relationships between the Sustainable Preservation Coalition and USGBC and their membership. He has served as a faculty member for the USGBC and is a member of the LEED for Retail Committee.
